Client Success

I am very pleased with the finished product of my website! Every member of the team was easily accessible and incredibly responsive. **They were great to work with.** I highly recommend McWilliams Media to anyone wanting to create or improve a website! -Greg Sutmiller, Evolution Mental Health

A proven strategy customized for your business goals.

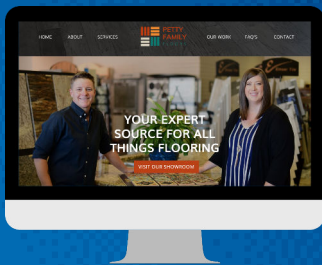

With over 75% of consumers reporting they go online to research a business before choosing whether to make a purchase, the modern business owner needs an online presence. But you don't want an online presence just for the sake of it.

You want a branded website focused on setting you apart from the competition.

You want a marketing strategy focused on building consistent qualified leads.

With decades of combined experience, our team is here to help **strengthen your strategy** through a website designed to speak directly to your target audiences so you can sell with *ease*!

Add-On when new business: SEO Google Business Profile Set-Up + Optimization

\$547 one-time set up + optimization

\$347 one-time for set-up only

\$247 one-time optimization only

The first step in building your local SEO strategy is creating or claiming your Google Business Profile (GBP) listing and verifying your business. An optimized GBP is essential for appearing in Google's Local Finder, Google Maps, and organic search results.

As part of this process, we'll:

- Clean up outdated or incorrect listings.
- Add photos that represent your business.
- Update services, location, and other key details.

This ensures your business is positioned to attract local customers and stand out online.

Your Brand Shoot

\$850 one-time for pro photos only

+ \$150 one-time iPhone Video B-Roll Clip Add-On

While not required, it's often a valuable investment as high-quality, branded images and videos can significantly elevate the look and credibility of your website.

We partner with our preferred Professional Photographer who gives our clients a special, discounted rate and turnaround time.

Our Brand Shoot Package includes everything you need to get the professional look you want online: One Location, Shot List, & Professional Photographer.

- 1 Location
- Up to 2 hours
- 50+ edited images

*The Brand Shoot pricing is for Tulsa-area locations. Any locations outside of a 30 miles radius of central-Tulsa, will include travel fees for mileage and time.

*All photos and video clips are the clients intellectual property. The client will receive all files for their records and usage.

*You will coordinate directly with our Photographer for scheduling and payment.

Website Essentials

Every website requires two key components to stay online and functional.

Domain Name (URL)

This project will require a domain name. Your domain name is your website's www address. You may already have one—and if so, we'll connect it to your new website seamlessly.

If you don't have a domain name yet, no problem! You can easily search for and register one through us. Visit mcwdomains.com to explore available options, set up an account, and purchase your domain. Need help? We're happy to help every step of the way.

Website Platform Host

This project will require hosting. Website hosting keeps your site secure, performs backups, and handles automatic updates to ensure everything runs smoothly and stays online. If you already have a website, you likely already have hosting with your current platform.

With us, you get reliable, secure hosting and peace of mind knowing your website is in good hands. Visit mcwilliamsmedia.com to learn more about our hosting plans.

Silver Hosting \$40 Per Month
